Agency Case Number: 01-3685

NCIC Number: U-540002695

Discovered on June 18, 2001 in Pascagoula, Jackson County, Mississippi, near the Alabama State Line.

Date of death is estimated to have been 2 days prior to discovery.

Manner of death was homicide.

Est Age: 25-35-Yrs. Old

Height: 5'5"-5'7"

Weight: 250 Lbs

Hair: His hair was shaved close to the head and described as dark brown with a small amount of gray.

Eyes: Unknown

Scars and Piercings: Pierce scar left earlobe and "C" shape scar left eyebrow, he had an old scar on the center of his forehead, a possible old gunshot wound to his left wrist and a scar on the left side of his nose

Clothing: XL running shorts, XL warm up pants and a T-Shirt.

Tattoos: He had several tattoos, including a tattoo of a large bird, possibly a peacock 9"x4" on his right shoulder, no color with a long feather and a couple of flowers, tattoo "John" on right upper chest, an old english script E or F on inside of left forearm.

Fingerprint Classification: 17131116141713101713

DNA: Available

Dentals: N/A

Circumstances: On June 18, 2001, the victim's body was discovered wrapped in black plastic sheeting on the shoulder of a road, near the intersection of Old Stage Road and Pecan Road in Pascagoula, Mississippi. The victim's body also was wrapped in bed linens and carpet. The body was tied with nylon rope around the head, upper torso, waist and feet. The bed linens were soaked with blood that was dried. There was a fresh, close gunshot wound to the right temple which contributed to the victim's cause of death.

An attempt to identify the victim with his known standards through the Federal Bureau of Investigation and Homeland Security agencies was unproductive.
