

Everyone on this planet deserve their name.....especially in death. The picture you see below is an unidentified victim that was hit by a car on east Hwy 90 under 63 overpass a few years back.

He was believed to be homeless and living in the area. I interviewed all the businesses in that area and they remember him and even let him do some odd jobs for food and supplies.

They believe he went by the name Mike. Please do not get caught up on that name as no one was sure.

The pic below is an AI resemblance and look just like the photo taken without injury. If anyone recognizes him, please call the Jackson County coroners office and ask for James Prisock. He is working the case. [OBJ]

Here are the details regarding the unidentified man:

Discovery Location: The body was found near the Highway 63 overpass on Highway 90 in the Pascagoula/Moss Point area.

Discovery Date: The man was found on April 14, 2024.

Description: He is described as an African American male, approximately 6 feet tall, weighing 190 pounds, with brown eyes and partially gray and black hair. He is believed to have been in his late 40s to 60s.

Clothing: He was wearing a black T-shirt and dark gray or black cargo pants.

Clues: He had no wallet or identification. The only items found were a set of keys, including a U.S. Post Office key. (Been Checked and negative)

Contact Information: Anyone with information should contact the Jackson County Coroner's Office at 228-769-3197
