

Black Female

Located: 12-27-1977

Est. date of death: Aug or Sept 1977 (could have been there longer)

Age: 35-45 Yrs.

Height: 5'6"-5'8"

Clothing: there was only a tattered piece of cloth and a shoe (Pic of shoe below)

Slender build

Location: I-10 and Hwy 63 (before the roads were finished) at the old Escatawpa dump

Dentals: 2 front "buck" teeth with gold caps. One of the caps had a cut out of a triangle... all teeth were found but one

She had poor dental care and smoked or used tobacco.. She also had a defect in her jaw joint that would have caused her pain when she ate

Scars/ Marks: Had some kind of surgery or handicap on one of her legs and old ankle injury..

A piece of hair found was platted , she may have worn a wig at the time of death.

Skeletonized
