

Charlie Neely

Missing Oct 25th 1996

Missing from Yazoo County (Panther Swamp)

67 Yrs Old

Black Male

Charlie went squirrel hunting at Panther Swamp with a friend when last seen. He was a veteran hunter and knew his way around the woods. Charlie and his friend parted ways at the start of the hunt because Charlie was still putting on gear. When Charlie did not return to the vehicle at the expected time , his friend called for help. The area was searched for 10 days and dogs never got a scent. The friend took a polygraph and passed and is not a suspect.

A tip came in that a man was boasting about killing Charlie and said his remains would never be found. This was not investigated, the man died a short while later,
