

Jason Rayborn went missing in late September 2010. He was last seen in Pike County after leaving his mother's home in Wesson.

Wesson Police Chief Chad O'Quinn said Rayborn was supposed to report to a probation officer to request an extension to stay in Mississippi, but never made it.

He had been dating a woman in Louisiana, O'Quinn said. When Rayborn's family hadn't heard from him in around two months, they reported him missing. In spite of having close ties to the family, he's never been heard from again.

Anyone with information on Jason Rayborn is asked to call the Wesson Police Department at (601) 643-2211
