

Family looking for Grandmother since 2019 .!!!

Anita Dale Germain Honeycutt

82 yrs old

Missing since 2019

Date of Birth is April 24th.

Anita was a ward of the state because she is schizophrenic. Her family went to visit her in East Mississippi in Meridian. They were told she was no longer there. Family traced her down to a nursing home in Loral, Ms. Due to Hippa laws they would not tell the family anything except she was no longer there, she was not a ward of the state any longer and she was not deceased. Anita has no drivers license so family cannot track her SS check.

Note: the photos are 20-30 Yrs old

She was reported missing to Meridian PD, or you may contact us here at mmup.info@gmail.com and we can relay messages to family.

Thanks so much
